The DIMMER VIEW

by Max Goodwin

Divorce Name-Calling May End

Not many years ago the wife of a Lemon Grove cafe owner left her husband's bed and board to cast her lot with the cafe's night bartender.

The bartender was already stealing the owner blind but he ended up smelling like a rose when the divorce court judge gave the cafe, the children, and much of the husband's holdings, to the wife who had already moved in with him. They even got married.

The union wasn't the epitome of marital bliss, however, because the night bartender — by now the co-owner and manager — became enamored by the trim ankles of a newly acquired waitress. In a short while this union also sagged and the court split the couple asunder.

In each case the records could qualify as top-shelf pornography. There were charges and counter-charges of sexual wrongdoing. And even if the charges are false, the reading will leave an unsavory cloud on the family's background for the children in the family to have to live with.

Thus, it was this and other fracasas that suggested a type of divorce reform to Assemblyman Wadde Deddeh.

He has a bill, soon to be considered by the Assembly, that will go far toward ending bitter court fights between husbands and wives during divorce proceedings.

The "Family Law Act", if successfully passed, "will also reduce the high incidence of divorce in California," Deddeh said.

The "Family Law Act" would abolish current adversary proceedings in divorce matters and eliminate fault grounds for divorce. The court would not longer be required to determine fault and use it as a basis for division of community property and as a basis for awarding support to one of the spouses.

No longer would the court be charged with finding one of the parties guilty of misconduct as grounds for divorce. Rather, the court need only determine that "the legitimate objects of matrimony have been destroyed and that there is no likelihood that the marriage can be saved" for dissolution of the marriage.

In determining the award of the children, the interest of the child will be the main consideration. No longer would one parent have to prove the other unfit to overcome the customary and present practice of awarding younger children to the mother and the older children to the father.

The "Family Law Act" also protects the parents' rights to custody of the child as opposed to third persons. Such a provision was placed into the proposed law as a result of a 1966 decision of the Iowa Supreme Court which awarded a child to the grandparents instead of to the child's natural father. The proposed law would prevent this in California.

The bill also establishes a comprehensive reconciliation and divorce counseling procedure. It would form a Family Division of the Superior Court in each county with a staff of professionally trained personnel for providing this reconciliation and counseling service.

Such counseling would be voluntary under the law. However, where children under 18 years of age are involved, an initial interview would be required to advise the parents of the counseling service.

Counseling services would also be available to couples who desire help and have not filed a court proceeding.

The Act also reduces the present one-year waiting period for a final decree to a minimum of four months.

Deddeh gave as an example of the Family Act Law eliminating the adversary complaint, the heading of the petition to the court. The present complaints read "John Doe versus Mary Doe." Under the new procedure prepared in this law, the petition would read "In Re the marriage of John Doe and Mary Doe."

The proposed divorce reform is a result of a two-year study conducted by the Senate Interim Judiciary Committee headed by Senator Donald Grunsky.

In announcing his co-authorship of the "Family Law Act" Deddeh said that earlier in the year through a discussion with several of his constituents, he was convinced that such reforms were needed in present divorce laws.

"After some research by my office staff, it was pointed out to me that Senator Grunsky's bill contained many of the ideas that had been discussed. As a result, I deferred to the Senator's well-thought-out bill and became his principal co-author and supporter in the Assembly."

Deddeh also pointed out that the State Bar of California had studied the bill in its Family Law Committee and their recommendations have been incorporated, in substance, into the "Family Law Act."

Deddeh remarked that he hoped that, "basing the divorce outcome on economic circumstances of both parties, the interest of the children, the need of one of the parties for support, and taking into consideration the duration of the marriage, will result in a more equitable settlement without battles and bitterness."

"But most of all," Deddeh concluded, "we hope that many marriages can be saved."

Zoning Control Needed

Somebody should reward such guys as a sign company operator named A. R. Wylie.

Wylie, a sign company operator, reached our attention through the County New Association, a group of newsmen who cover for us at the planning department and at the County Board of Supervisors.

According to Dick Sims, head of CNA, Wylie is the only sign builder in the entire unincorporated area of San Diego County, who regularly bothers to get special use permits for temporary signs from the Planning Commission.

Permits cost \$40 and it takes two to four hours of waiting for the item to come up on the weekly agenda. Yet, there was Wylie Friday, waiting to get permits for two signs. Both were in Santee.

It isn't likely that Wylie is the only person building real estate signs either, says Sims, because the county is rife with signs proclaiming, for example, "Expensive Hills, this way" or "Low Downey Homes, that way." Such signs are vital to real estate subdivision promoters, according to subdividers.

The point CNA makes is that the county's regulatory efforts are woefully weak. Wylie complies, but few other sign builders do.

Enforcement of zoning regulations is a function of the building inspection division of the department of the county engineer.

The engineer, David K. Speer, who is really the road

Gas Rate Raise Eyed

SAN DIEGO — Gas rates charged to the San Diego Gas & Electric Company by Southern Counties Gas Company will be increased \$1,455,000 annually under terms of a California Public Utilities Commission decision released this week.

The decision approved an application by Southern Counties to increase rates to its customers by \$8,256,000 annually.

The amount to be passed on to San Diego Gas & Electric Company is \$255,000 less than the \$1,710,000 originally sought by the supplier. The reduction is in keeping with pleadings by SDG&E during 11 days of hearings before the Commission.

Penalty Added April 10

County Tax Now Due

The second installment on property is now due but penalty will not be invoked until April 10, James E. Jones, County Tax Collector said today.

A six per cent penalty will be added to bill not paid by the deadline date, he said.

Property owners who have not received a bill, or those who have misplaced bills, should call 234-8813, ext. 331 and ask to receive a bill so that it can be paid before the April 10 date.

Jones said that delinquency is highest during the first year of property ownership. Often the new owner erroneously assumes the taxes to be paid.

All remittances received with a postmark later than April 10 will be returned to the taxpayer and will require the payment of \$3 costs a parcel plus the six per cent penalty, he said.

Free Show For Kids

Approximately 300 area children and their parents will see the San Diego Premiere of Walt Disney productions' new film, THE LOVE BUG as guests of Dick Rouse of Tru man Motors.

Rouse and the other Volks wagon dealers of San Diego County have purchased all the seats in the Fox Theatre for the premiere of "THE LOVE BUG" for tonight.

The title role of the film is played by Herbie, a little Volkswagen. Rouse said, "We appreciate the chance to provide the children with such wholesome entertainment."

More Readers Added As Reader-Home Campaign Nears End

The final week of the 1969 subscription campaign for this newspaper is coming to an end.

One or two more weeks should wind it up. In the meanwhile more than 1,500 families have shared in the program. This week 51 new families were added. That brings to a total 1,631 families who have participated. It brings the total subscription list of the two newspapers, the LEMON GROVE REVIEW and the SPRING VALLEY BULLETIN to just under 10,000.

Part of the proceeds of the campaign is given to the Home of Guiding Hands in Lakeside. This facility for the mentally retarded is using the money for landscaping. The Home, at 10025 Los Cocheros rd. was built with private funds and is open to any family with a member who suffers this dread malady. Ability to pay is not a criteria. This week's list of new subscribers include:

LOOKS AT DAMAGE

Asst. Fire Chief Fred Dixon examines probable point of fire's origin as Janalee Ann, 3, looks on. Chief Dixon said arson is not suspected. A sofa fire was extinguished in the same house a year ago when another family lived there, Dixon said.

Fire-Refugee Family Aid Starts For 8 Parkers

Clothes, money and appliances are beginning to flow in for the Parker family — the family routed by fire last week — according to Dr. Amorita Treganza.

The Scott Parkers — eight of them in all — were burned out of their home in an early morning fire March 16 when the blaze gutted their two-bedroom house at 3530 Main st.

Scott, a parttime carpet-layer, said that his family of eight had only the clothes on their backs after the fire destroyed everything they owned.

At least two of the children owe their lives to the heroism of their mother who tossed them from a bedroom window. Wayne Kip, 15 months suffered a skinned head when he landed against a concrete block wall when she tossed him out.

The family moved in with relatives in San Diego following the fire but have now returned to Lemon Grove. They are living in one of the three houses on Main street owned by the landlord of the fire gutted house.

All aid-to-Parkers is being sponsored by the Lemon Grove Soroptimist club, a group of area business and profession women. Dr. Amorita Treganza, local optometrist is in charge.

"The family needs everything," she said. "Most of all they need money."

Parker has only part time jobs. He was on an employment call Wednesday at present time. He said the family had never been on welfare and does not plan to seek welfare aid now.

Dr. Treganza said food and clothing are needed, too. Mrs. Parker said that she needs a refrigerator most of all. "I have to go to the market several times a day because I have no place to keep perishables," she said. Six growing youngsters need a lot of milk, it was observed.

Clothes and money may be taken to Dr. Treganza's office at 7698 Broadway.

Appliances should go to Asst. Chief Fred Dixon at the Lemon Grove Fire Station on Central ave.

A list of family clothes sizes is: Scott Parker, 34 waist, medium shirt, 8 1/2 shoes; Mrs. Parker, 57 dress, shoes, 4 1/2 flats, 5 heels.

The kids: Scott Alan, Jr., size 7; Alice Marie (Candy), size 6; Rene, size 5; Janalee Ann, size 4; Wayne Kip, size 3, and Ione, size 1 1/2.

The family is now staying at 3528 Main st., near North st.

More specific information about the family needs may be obtained by calling Dr. Treganza's office at 463-0253; or Max Goodwin, at this newspaper's office, 469-0101, or Asst. Chief Dixon at 466-0564.

Fire Dept. Report For Lemon Grove

The Lemon Grove Fire Department answered two rescue calls for the week of March 17-24 and one fire call.

On March 18 at 10:24 a.m. the rescue crew went to the home of Eli Davis, 3252 Sweetwater rd. Mr. Davis, 73, had apparently suffered a heart attack, and an attending physician pronounced Davis dead when the crew arrived.

March 22 at 12:37 p.m., Sam Kahan, 75, of 7826 Broadway was suffering from an unknown illness. The rescue crew sent an ambulance and Mrs. Kahan was transported to Mercy Hospital.

The lone fire of the week was on March 20 at 8:26 a.m. at 2192 Bonita st. Spontaneous combustion near the heater of the house, occupied by Carol Hayes, caused about \$100 damage to the heater and contents.

Appliances should go to Asst. Chief Fred Dixon at the Lemon Grove Fire Station on Central ave.

Valley Forge Medallion Awarded For Editorial

Freedom's Foundation at Valley Forge's George Washington Award was made to this newspaper Monday for an editorial it ran last year.

The editorial's writer, Max Goodwin, was one of 23 persons to receive certificates, medals, plaques and cash at a luncheon ceremony attended by more than 500 persons at the Bahia Hotel on Mission Bay.

Each of the 23 persons received an award for a display of patriotism by word, deed or action.

Awards were presented by Dr. Kenneth Wells, president of Freedoms Foundation, who came here from Valley Forge to make the presentations.

Also taking part was Dor Belding, a Los Angeles advertising agency owner, who is a founder of Freedoms Foundation and chairman of the board of directors.

Martha Raye was scheduled to make the presentations but unable to attend due to the death of an associate.

Included among the award winners Monday were well known military personalities Major Gen. Lowell English USMC Recruit Depot Commanding General earned a medal in the public address category.

Lt. Gen. Victor H. Krulak USMC ret. also received a medal in the public address classification.

In the published editorial category, three writers won large bronze medallions. The medallions were set in a solid wood base, topped by a silk American flag, and inscribed with the winner's name and the date.

Winners were Alde Brace, writer for the Evening Tribune; Dr. Edward Niciejewski of the San Diego Union, and Max Goodwin, publisher of this newspaper.

Attorney William Enright, the moderator, read excerpts from the winning editorials.

Of Goodwin's, he said, "the editorial reflected what many

people think about the operation of our college campuses when Goodwin wrote, 'Let us not get carried away by the specious argument of loss of academic freedom... It might also be useful to spend a few minutes — with the idea that supporters of the educational profession — the guys who pay the bills — might want a little more freedom.'

With Niciejewski's award went a \$100 cash prize for his editorial "A 'Square' is a True American."

The luncheon was sponsored by the San Diego Chapter of the Women's Division of the Freedom Foundation.

Participants at the executive level included Mrs. Thomas M. Hamilton, president of the women's division; Mrs. Victor Krulak, luncheon chairman; and Mrs. Leo L. Guichard, vice president of awards for the division.

Let no one imagine that it is a strained and unnatural thing for one to pray. The contrary is much closer to the fact. It is far more unnatural for one not to pray. Prayer is one of the most natural of human instincts. Prayer is man's response to the divine will.

SOCIAL SECURITY

This question and answer column about the Social Security program is presented as a public service to our readers. The questions are those most frequently asked about Social Security. Answers are provided by Sumio Oto, El Cajon Social Security District Manager. Call him at 442-0857.

Q. I receive social security checks each month and I also work part time. Will my earnings in 1969 cause me to lose any of my monthly benefits.

A. If your earnings are more than \$1,680 in 1969, you may not receive all of your checks. The exact number of benefits you can receive will depend upon your total earnings and how much you work each month.

Q. Can a Medicare beneficiary go to an extended care facility for treatment instead of a hospital?

A. Medicare pays for covered services in an extended care facility only if the patient was in a hospital for 3 days in a row, or longer, and enters the facility within 14 days after hospital discharge. Also, a doctor must order such care for further treatment of the illness for which the patient was hospitalized.

Q. I began receiving social

security benefits two years ago. Last April I returned to full time work. At that time, I estimated my earnings for 1969 would be about \$2500.

My health failed, and I had to cut down on my work. As a result, I only earned \$1925 last year. What should I do to correct this?

A. You should visit your social security office as soon as possible and file an annual report of your earnings. Be sure and bring last year's statement of earnings from your employer with you.

It appears that you are probably due some additional checks, since you did not earn as much as you had estimated.

This report should be filed by April 15.

Q. I am 80 years old and have never filed for medical insurance under Medicare. Is it possible for me to sign up now?

A. You may enroll any time between now and March 31, 1969. Your coverage would be effective July 1, 1969. This is the last chance to enroll for those people born Oct. 1, 1901 or earlier.

Q. I have been told that I should check my social security record every few years. Why?

A. To be sure that you get credit for all work you do under social security. Periodic checking is particularly advisable if you change jobs often. Your social security office will be glad to give you a postcard form to request a statement of your earnings.

Q. How many days will Medicare pay for during a stay in an extended care facility?

A. One hundred days in each benefit period. For the first 20 days, full payment is made by Medicare for covered services. For the 21st through the 100th days, the patient pays \$5.50 a day and Medicare pays the balance.

Q. — I received a package of estimated tax forms in the mail. Does that mean I have to fill one out and send it in?

A. — You do not have to file an estimated return for 1969 unless you meet the requirements as explained in the instructions that came with the estimated forms.

Estimated tax forms have been sent to every taxpayer who filed an estimated return for 1968 as well as to those taxpayers who had a balance due of \$40 or more when they filed their 1967 return.

The forms are identified with the taxpayer's name, address and social security number just as they appear in IRS files.

If you are required to file an estimated return, be sure to use the forms sent you. It will assure that your estimated tax payments are properly credited to your account.

Q. — Can I deduct the assessment I had to pay for a new sidewalk?

A. — No, the law generally does not permit deductions for assessments for local benefits that tend to increase the value of your property. The amount of the assessment can be capitalized, however, and added to the basis of your property.

Q. — Where can I get a copy of "Your Federal Income Tax?"

A. — This publication can be purchased for 60 cents at local IRS offices or from the Superintendent of Documents, U. S. Government Printing Office, Washington, D.C. 20402. Ask for Publication 17.

Q. — What records should I keep on my 1968 return in case I'm audited?

A. — Keep whatever you need to substantiate the income and deductions on your return. Cancelled checks, paid bills, Forms W-2 (Wage and Tax Statement), and 1099 (U. S. Information Return for Calendar Year), bank books and similar records in addition to a copy of the return, will be helpful.

Q. — I've got a refund coming. Where should I send my return?

A. — Send it to your regional service center. An envelope addressed to the center was provided in all 1040 tax packages. If you don't have an envelope, check the tax return instructions for the address of your IRS service center.

Q. — Can I deduct my medicare premiums?

A. — Yes, premiums for Medicare and other medical insurance are deductible if you itemize expenses on your return.

Don't forget that medical insurance premiums are handled differently than other medical expenses.

What are some Spanish names for pieces of furniture? Starting with the living room, the major pieces of furniture are "el sofa" (the sofa), "los sillones" (the armchairs), "el radio" (the radio), "la alfombra" (the carpet), and "las cortinas" (the curtains).

When we first learn these names, care should be taken in the pronunciation. In the case of "sofa," the accent is placed on the last syllable (in English it is accented on the first syllable) and is phonetically pronounced "soh-FAH." Correct pronunciation of "sillones" requires special attention to the double "l" (ll) which is used like an English "y." With this letter the word is pronounced "see-YOHN-ehs."

Major pieces of furniture for the kitchen are "estufa" (stove), and "refrigerador" (refrigerator). There are some special points to proper pronunciation of these words. "Estufa" is separated into the syllables e-stu-fa and pronounced "eh-STOO-fah."

"Refrigerador" contains a "ge" letter combination which is pronounced "heh." This word ends in "dor" and not "tor" as in English. The accent is on the last syllable and the pronunciation is "reh-free-heh-rah-DOHR."

Somewhere in the house there is usually one or two "lamparas" (lamps). This word requires special attention to the first syllable which is stressed and results in the phonetic pronunciation "LAHM-pah-rah."

Practice phrases listed below contain the names of "muebles" (furniture) that may help you in Spanish conversation. See if you can learn to say them with the help of the recorded voice you hear when you dial 276-2762 on your telephone.

IMPORTANT PHRASES

Say "El sofa es nueva." (ehl soh-FAH ehs noo-EH-vah) for "The sofa is new."
Say "La lampara es bonita." (lah LAHM-pah-rah ehs boh-NEE-tah) for "The lamp is pretty."

USEFUL PHRASES

Say "La estufa esta caliente." (lah eh-STOO-fah eh-STAH kah-lee-EHN-teh) for "The stove is hot."
Say "Que esta adentro?" (keh eh-STAH ah-DEHN-truh) for "What is inside?"

OTHER PHRASES

Say "Los sillones son comodis." (lohs soh KOH-moh-dohs) for "The armchairs are comfortable."
Say "El refrigerador esta frio." (ehl reh-FREE-heh-rah-DOHR eh-STAH FREE-oh) for "The refrigerator is cold."

Now Is Time

To Figure Out

Your Tax Forms

Taxpayers may have to make a declaration of estimated tax if their total estimated tax for 1969 exceeds their income tax withholding by \$40 or more. F. S. Schmidt, District Director of Internal Revenue for Southern California, said.

Schmidt emphasized that complete instructions on how to file a declaration of estimated tax are on Form 1040-ES, which may be obtained by writing to the District Director's Office.

Estimates for 1969 are due by April 15, the same date that 1968 Federal income tax returns are due.

Schmidt said now is the time to start working on your income tax return. This way you will avoid the last minute rush if you have a tax question to ask.

Taxpayers who fill out their tax returns early do not run the risk of making costly errors or incurring penalties for not filing returns on time.

Accolade In Trip To Capital

By MARY BONNER

Winning the State of California's "Voice of Democracy" contest and meeting such public figures as Richard Nixon, Spiro Agnew and Edward Kennedy brought two weeks of great honor for Monte Vista Senior Class president Chris Barr as he competed for national honors in Washington, D.C. and captured eighth place this month.

Chris said that he had the opportunity to talk with Edward Kennedy for a few minutes.

He said that he was more impressed with Kennedy than any other man he met there. "He's bigger than I thought he was, at least two inches taller and somewhat heavier," he said. "He'll be president someday and I'm glad," he went on to say.

He said that he only had time to shake hands with Nixon and Agnew. As they shook hands the president commented on Chris being from his home state.

Agnew spoke at one of the banquets given in their honor. Barr said, "I took his picture but it didn't come out."

On the night of their arrival, the students, who stayed at the Shoreham Hotel in Washington discovered that all of their rooms opened up into each other. He said that they opened up all the doors and talked, sang and danced until bedcheck which was at 2 a.m. "That was the only night we got any sleep at all," he said. "We took showers in the mornings to wake us up."

During his two week stay he visited such places as the Smithsonian Institute, the Capitol (Senate and House), the White House, the FBI building and the Jefferson, Washington and Lincoln Memorials. He said they climbed the

Washington Monument which has 896 steps.

The students also attended a Viet Nam briefing at the Pentagon and watched the musical production of "1776" at the National Theatre.

Chris, whose stay lasted from February 28 to March 15, met many people and made many friends. This is proven by the fact that since his arrival home he has received 28 letters from people he met.

The program, sponsored by the Veterans of Foreign Wars, was greatly liked and respected by Chris who said, "They are without doubt the neatest group of people you have ever met. They are very concerned with the youth of today and equally important with having a good time."

He said that he expects to travel to Sacramento in June to speak at the State Convention of the Veterans of Foreign Wars.

It has been an experience that Chris will remember and cherish all his life.

His future plans include attending either Harvard, Stanford or Occidental after graduation.

'Owl-Pusseycat' Staged

A verbal battle of wit versus nitwit opens Tuesday on stage at the Old Globe Theatre, Balboa. The two-character comedy "The Owl and The Pusseycat" will be performed for a limited run nightly except Monday through May 4.

William Roesch, associate director, will stage "The Owl and The Pusseycat" as the final production of the current Old Globe Theatre season. He recommended the current comedy is for adults, and that parents should advise children not to attend. The old-fashioned San Francisco apartment setting is designed by Peggy Kellner.

Letters To The Editor

Dear Editor:

We enjoyed your February 13 editorial — "Grape Boycott Forces Unionism".

The facts contained in your column should be called to the attention of every Californian.

Let us give farm workers and other Californians the right to join a labor union of their own choosing and an equal right to refrain from joining a union to which they are opposed. A Right to Work law would provide this badly needed protection.

Sincerely yours,
E. R. White
President
Californians For Right To Work

Dear Editor:

I can't help feel some amusement in the frantic efforts of the people to get something done about the pornographic mail that has been flooding San Diego. A few years ago Assemblyman Barnes had his Proposition 16—Clean Amendment on the ballot regarding pornography.

He had been working for a long time to alert the public and to stop pornography. But it was voted down because the people were told it was censorship and that Assemblyman Barnes was a "blue nose." Well, now everything that he tried to stop before is now going full blast and all of a sudden everyone is concerned.

It's the same old story isn't it, as long as you aren't both

ered or your family — what's the problem. Of course, it's the same with Viet Nam or the rioting on the campus. As long as it isn't your son in Viet Nam why worry.

You don't understand anything about Viet Nam nor do you understand anything about communism and how it works. But why should you! Playing cards and bowling are far more important.

Fellow San Diegans, you had better check your values and find out what is more important — entertainment or working for good government. In case you're interested, anyone who believes in God and Country is a radical. How about that!

Oh well, as I said before only those people that are touched by pornography or Viet Nam will try to do something — the rest of you — well every society always has a certain amount of freeloaders.

I am happy to see that some people are sending this article mail on to the Former California. I wonder if in any sentence or page, he can find if it is of "social redeeming importance".

Perhaps, his desk should be flooded with the mail. Maybe then the Supreme Court will pass legislation to prohibit such artistic material from being mailed to all of us who can't appreciate such form of art.

Seek Woolly Whiteflies

The California State Department of Agriculture and the San Diego County Department of Agriculture are still waging their battle against the insect, Woolly Whitefly, it was reported by James M. Moon, San Diego County Agricultural Commissioner.

Spraying of all host plants, including all varieties of citrus and Mexican yuca, on infested properties is getting under way again for this insect.

This spring, State spray crews are using a different spray material than was used in prior years. Two sprayings will be necessary, and the second application will be made six weeks after the first. More properties in Lemon Grove and Spring Valley will be checked.

There will be no charge to the homeowner for any of this work.

A dilute mixture of Diazinon and water is being used in accordance with the manufacturer's directions. The use of

this material was recommended by the University of California after field trials had been conducted in San Diego County.

Residents will be contacted before any host plants on their property are sprayed. Seven spray rigs will be used in this program.

The area of the County infested with Woolly Whitefly generally lies east of Highway 395, south of Interstate 8, west of Avocado and Jambaja blvds., and north of I st. in Chula Vista. Six survey crews are continuing to inspect host plants in this general area to find the ones infested with Woolly Whitefly.

Better Business Bureau Eyes Hong Kong Tailors

The Hong Kong tailors, now prevalent in California, have earned a warning from the local Better Business Bureau. The San Diego Better Business Bureau said that some of these tailors had the approval of the Hong Kong Better Business Bureau. The Hong Kong Bureau does not meet the requirements of Association of Better Business Bureaus, a spokesman said.

The San Diego Better Business Bureau urges caution in accepting a C.O.D. package for a vacationing neighbor. At this time of year some unscrupulous individuals capitalize on peoples' good nature and neighborliness and collect money for parcels which often contain only newspapers or old rags. Remember, if your neighbor is expecting a C.O.D. package, chances are he will tell you about it before he leaves on his trip.

School Override Election Set For June 17 In L.G.

The Lemon Grove School Board agreed to call an override election on June 17 to add \$280,000 a year to the district's income.

The issue, if successful, would increase the override tax 80c for each \$100 of property assessed valuation. The new tax rate would be \$2.79.

The Board decided to defer until next school year a bond issue to raise money for additional school facilities.

The override follows by one year a similar election in which local voters approved the extension of five years the present \$1.99 tax rate.

An override election is one in which the district may ask the voters to permit a tax for operations that is higher than the maximum rate set for legislative.

Trustee Bob Sjogren pointed out that the \$280,000, if approved, would not be used primarily for teachers' raises, however.

He responded to L. G. Junior High School Principal Lou Poluzzi's observation from the audience that some teachers wouldn't work to help pass the issue because they were disappointed because not all of last year's tax funds went for raises.

Superintendent Byron Netzley said that about 60% of the newly raised funds would go for salaries.

Business Manager Paul Reynolds said that higher costs of practically everything the school purchases make the present budget "unrealistic."

Trustee Lyle Stumbaugh said that it would jeopardize the district's operations if additional funds are not made available. He said the district couldn't wait for increased state support.

Netzley said that legislative, seems more concerned this year with easing taxpayers' plight than using money for education.

Sjogren said "they (legislature) want to play Santa Claus to the voters and make us the 'bad guys.'"

The override election, if successful, would increase the tax rate for five years. If it fails, the rate would stay at \$1.99 for four more years in that the \$1.99 rate was approved last year for five years.

Big Bite For Local Roads In Next Year's Budget

SAN DIEGO (CNA) — The Lemon Grove-Spring Valley sections have a number of large projects scheduled in the proposed county road budget for the next fiscal year.

County Engineer David K. Speer has given the board of supervisors his recommendations in his \$11.5 million budget. The bulk of the money will come from gasoline tax returns from the unincorporated territory.

Plans for a new Estrella Challenge Blvd. route in Casa de Oro is in the budget for \$71,000. The new road is to be 44 feet wide.

The budget contains \$218,860 for reconstruction of Conrad dr. from Highway 94 to Puente dr. on a 44-foot alignment in Casa de Oro.

Palm st. in Lemon Grove is due for a \$232,600 improvement for 1.03 miles between Imperial ave. and a point 250 feet east of Golden ave. to provide a four-lane undivided road on 44 feet of traveled way.

Engineering for the construction of College ave. from Federal Blvd. to Mallard st. in Lemon Grove is in the budget at \$42,000. The plan is for a four-lane divided road.

Paradise Valley rd. between "Spring Valley and National" City is in the budget for \$160,700 for the improvement of .89 of a mile westward from "Elkilton pl. The road will be a major arterial and have 82 feet of pavement.

Sweetwater rd. in Lemon Grove is tabbed from \$87,520 in a new drainage system to relieve flooding and pooling in the vicinity of Brookside.

A signal light at Mass. ave. and San Miguel ave. is budgeted at \$28,333. A signal light at Broadway and Imperial in Lemon Grove is listed at \$22,230.

A signal light is also proposed for the dangerous intersection of Sweetwater rd. and the South Bay Freeway in Spring Valley at \$20,592.

Planning for the widening of Bancroft st. in Spring Valley from Highway 94 south for .87 of a mile is in the budget for \$19,500.

Right of way acquisition for Broadway between Kempf and Olive for construction to 68 feet in the future is set at \$30,000.

Groundbreaking Set For New Y.M.C.A. In Spring Valley

Another step forward has been logged in the proposed building of the Spring Valley YMCA.

Residents of Spring Valley and Lemon Grove are cordially invited to attend a groundbreaking ceremony April 2 at 1:30 p.m. for the new YMCA.

The ceremony is planned for the proposed site at San Carlos and Sacramento ave., Spring Valley. Many local dignitaries including Assemblyman Wadde Dedehe are planning to attend this event.

Plans for a Spring Valley YMCA were started January 27 when a steering committee was formed for this project.

Members of that committee included: Stewart Taylor, problem chairman; Mrs. Ann Lowe; Rev. Martin Innes; Paul Horner; Jim Jordan; Clarence

Waters; Russ Bope and Bill Fitzpatrick.

This event marks an important step in the move to obtain recreational facilities for the youth of the community.

Those who have worked to bring a Spring Valley YMCA closer to reality hope that all members of the Spring Valley and Lemon Grove community will lend their time and effort to make this new facility a success.

Members of the advisory committee, organized in the effort to bring a 'Y' to Spring Valley include: Mrs. Lowe; Stewart Taylor; Teen Action; Canteen committee members: E. Goodbody; P. Horner; Ale Struthers; Russ Bope; A. Marshall; Clarence Water and Dr. Webster.

MENTAL HEALTH MATTERS

by Stanley F. Yolles, M.D.
Director
National Institute
of Mental Health

Here is a new column on mental health. It will run from time to time to give the reader an authoritative view of this serious problem. This column is the first of a series.

Preventing Mental Explosions
Mental illness is America's No. 1 health problem.

Alcoholism, drug addiction, marital strife and divorce, racial tension, economic instabilities, inadequate education, urban crowding, violence in the streets — all of these and other mental health problems like schizophrenia and depression touch every one of us.

What is being done to solve these problems?

More research is being encouraged and supported by federal, state, and local governments and by private institutions. Programs to train more people to tackle mental health problems are underway.

Most importantly for the sick, services are being improved. In fact, a bold new approach, called Community Mental Health Centers, is becoming the nucleus of the national mental health program.

More than 50 million people live in areas to be served by some 330 Centers all over the U. S. when they become fully operational, probably within the next year.

The person who needs help is the object of all this. Who is he? Let's look at a specific case.

Our man is 50 years old. Let's call him Henry. He could very well be your next door neighbor, except that he has killed a man for no apparent reason. Was he a vicious beast all along?

Henry's history shows differently. He had been a good provider, a well-liked neighbor, and had worked 30 years for the same company.

Henry had been married 22 years earlier, when he was 18. One day his wife left him, never to return. Henry tried to keep his family of three children together. But they eventually all left him.

On the surface, Henry has been bearing all this calmly. But then he loses his house, one of his most prized remaining possessions. Too, he is replaced in his job by a younger man. This is the thing that finally pushes him over the edge.

That night, in a tavern, he kills a man who makes a harmless joke.

Cotton production is America's greatest agricultural industry.

Mt. Miguel's Girls' Ensemble Set To Fly To Hawaii Performance

"Aloha Oe", the song of the Islands, has never been more alluring to anyone than to fourteen girls at Mt. Miguel high school.

When PSA Flight 315 leaves March 28 at 3:30 p.m., the girls — members of the Girls' Ensemble at the school — will begin the first leg of a journey to Hawaii for a command performance March 31 before the western division of National Music Educators' Conference.

For many, the trip still has the elements of a fantastic dream; for others, the hard facts of money-raising activities to pay for the trip have made it a reality immediately attainable.

But both groups gasped with delight when they saw pictures of their island home, the sparkling new Iliaki hotel in Honolulu.

Their rehearsal room at the school has suddenly taken on a distinctly Hawaiian atmosphere, what with leis, colorful muumuis, straw hats, sandals and swim suits as the girls put their okay on final baggage selections.

For concert appearances the girls wear smart-looking red crepe dresses with white collars which they selected as their official dress for the current school year.

Other than their convention appearances, the girls will sing for various church services, Rotary clubs, youth

groups and the California Music Educators' Association state banquet, March 31.

"We've chosen selections ranging from some of Brahms' love songs to 'Georgy Girl,'" said Robert Boucher, ensemble director, who with his wife will accompany the group to the Islands.

"Don't forget 'Matchmaker,'" the girls reminded him. The selection from "Fiddler on the Roof" is one of their favorites, according to accompanist Nancy Riley.

The girls, after one day set aside for sightseeing, will return to the Mainland on April 5.

Members of the ensemble are Joy Kemp, Jan Isley, Donna Arthur, Wendy Panter, Petra Hill, Also Genie Edwards, Cindi Lillard, Lynne Utterback, Beverly Reynolds, Nancy Knight, Faith Walters, Sandy Sjogren, Nancy Riley, Darlene Keith, and Shirley Hamilton.

Other groups from California appearing at the convention will be a percussion ensemble from El Capitan high school, a wind ensemble from Hilltop high school in Bakersfield, a brass ensemble from California State College at Fullerton, a Stage Band from Sacramento high school, and the Beverly Hills high school Madrigals.

Student groups from Mt. Miguel plan a send-off for the ensemble at Lindberg Airport March 28.

Mt. Miguel Play Deals With Life's Problems

With the end of the school year in sight, those interested in drama at Mt. Miguel are currently involved with "Goodbye My Fancy."

"Goodbye" was set for March 26, and will be given again tonight and March 28 at 7:30 p.m. in the school cafeteria.

"The play deals with the problems of life as well as those of school," says director John Adams, who adds "It asks two questions pertinent to seniors especially: 'What must I leave behind? What do I have to look forward to?'"

Agatha Reed, the main character, discovers that she must leave behind the childish fancies of her school days and come to grips with life.

Producing a high school play — this one is described by Adams as a sentimental comedy — isn't all fun and games as Mt. Miguel high school dramatists have discovered.

Leading roles in "Goodbye" are played by Janice Bradbury, Alma Smith, Ron Groomes, and Marc Richard.

commissioner does not want the enforcement job. Neither does Planning Director Dan Cherrier.

A proposal has been made for the enforcement unit to be made a part of the planning department. But nobody really wants to be an enforcer. A home owner in Carlton Hills, at one time, innocently applied to the planning commission for permission to convert his garage into a room. This moved his off-street parking space into the required front yard setback.

This set off an investigation in Carlton Hills. It was found that 60 to 70 home owners had already converted their garages without benefit of variances.

The applicant got his variance, probably because the issue is politically too hot to handle. None of the other homeowners who were in violation bothered to apply for a variance. Nor has anyone since.

The county staff charged with enforcing conditions of special use permits issued by the planning commission or board of supervisors is not large. There are only two and their powers are weak.

These enforcers apparently want to apply the rules equally to all. Recently, Ken Bandel, one of the two special use enforcers left county employment.

Bandel had been trying for a number of years to get Albert Castiglione to either clean up or discontinue his auto wrecking yard on Highway 67 between Lakeside and Ramona.

The operation is still there
But Bandel isn't.

Group Aids Dr. Epler In College Board Race

Mr. and Mrs. John Stubbs, 2342 Difoss, Lemon Grove, were hosts Tuesday at a coffee for Dr. Paul G. Epler, candidate for the Grossmont Junior College Board of Governors.

Dr. Epler told the group that "the only source of local funds for our junior college is the local property tax. With 68% of public college students in junior colleges and the state paying only 38% of the overall expenses, an unfair burden is placed on the local property owner."

"Local boards and the citizens must work to influence the legislature to correct this imbalance," he said.

At the meeting Mrs. E. F. Smith, chairman of the Vote for Epler Committee, announced her committee chairman. They are Mr. and Mrs. George Clarke, Grossmont, finance; Dr. Samuel Sloan, Lakeside, area advisor, and Mrs. Lu Cearn, public relations.

Monte Vista Sports Roundup

By SCOTT McGAUGH

Monte Vista High School's swimming squad started their season last week on the right stroke by slashing their way to a 51-41 win over Grossmont. Taking five firsts, the Monarchs swept the diving competition with Clyde Gary taking first. Rob Morell took first in the 100 freestyle while Mark Hodges brought home a first in the 200 freestyle. The 400 freestyle relay was won by the Monarch team of Rob Morell, Gordon Dunnill, Mark Hodges, and Brad Julian.

The Monarchs will travel to the National City JC Relays March 29 and then won't resume league action until April 11 against Granite Hills.

BASEBALL
The Monarch's nipped Chul extended their winning streak to three games before losing to Castle Park March 22.

The Monarch nipped Chul Vista, 2-1, and then bombarded Mar Vista, 7-0, on a three-hitter by Paul Leon.

The Monarchs then lost to the Trojans of Castle Park in 10 innings, 2-1, with the winning tally coming on two walks, a bunt, and a steal of home.

Jack Welty suffered the loss although he allowed just three hits in 10 innings of work to even his record at 1-1.

WRESTLING
Grossmont League All-League wrestling squad was announced last week with

nine Monarchs on the first team. Wrestlers taking first in the league's finals held two weeks ago qualified for all-league selections.

All-league Monarch wrestlers were Jerry Tancil, Danny Kida, Gary Nutting, Jerry Lyer, Larry Millard, Bob Skidmore, Dennis Welkel, Richard Weathers, and John Tancil.

TRACK
Monte Vista's trackmen nearly upset one of the power houses in the league in Mt. Miguel but came up short, 70-66.

The Monarchs got swept by the mile and long jump but Miguel depth in the relays proved too much for the Monarchs.

Royal Dieter took first in the long jump and triple jump while Dave Carter stayed undefeated in the mile.

The Monarchs will try to snap a two-meet losing streak March 23 against the Granite Hills Eagles in a 3 p.m. contest at Monte Vista.

TENNIS
The Monarch netmen edged Helix, 16-12, but then were smashed by Grossmont, 26-2 in last week's action on the courts.

Collin Stillwagen and Dar Brown led the Monarchs to victory over the Highlander's both netmen went undefeated in singles play.

The Monarchs will host the El Cajon Braves this afternoon in a 3 p.m. contest on the Monarch courts.

Mt Miguel Downs Helix In National City Relays

By JOHN NICHOLSON

Miguel's track and field squad fell to the wrath of the Helix high school Greenies Saturday at the National City Relays.

The Green Machine, which trailed most of the time, made up a twelve-point deficit in the last two events to turn the meet into a two-point victory 75-73.

In the 440-yard relay, the Highlanders picked up an easy win in 44.0 seconds, then ran away with the mile relay at fair to grab the top spot in the meet.

The Matadors, who were not entered in the 440-yard relay finished third in the mile relay despite a great first leg by Randy Provinzano. Provinzano no picked up a pair of thirds one in the 120-yard high hurdles and one in the relay where he ran 16.1 and 51.4 second respectively.

In the distance medley relay Miguel took second place, thanks to a good job by Gary Heiserman, who ran a 13:20 in 3:21 to move the relay squad from fifth to second place. Gary, who has run for the Miguel cross country team and

is now doing a fine job on the track team, is also active in school politics, running for ASB president.

In the discus, it was all Mt Miguel, as Billy Joe Wincheser grabbed the second spot behind Steve Dougherty, who threw 167'2". Steve threw 56' in the shot put to win, as Billy Joe again grabbed second.

Matadors also did well in the high jump, pole vault and long jump, grabbing two firsts, a second and a fifth in those events.

In the pole vault, it was Matadors Jerry Meisenheimer taking first and John West taking the second slot. In the high jump, Carl Monroe grabbed the honors and John Dunton took fifth in the long jump.

Coach Ted Banks was unhappy with a few of the performances but was pleased with the overall effort of the team, especially Randy Provinzano's great effort in the mile relay.

"We made a few mistakes, quite a few," admitted the Matador mentor, "but I think we can improve our weaknesses and become a fine team."

Swim Team Splashes Off To Good Start

By DON KIENER

The Helix High swim team has the potential of being the best in the school's 18-year history, including two CIF Championships and four Grossmont League titles.

The Scots proved themselves to be a top contender by defeating always strong Colorado, 54-41. The team was led by junior Randy Glefer, who won the 200-yard individual medley and 100-yard breaststroke, in which he is co-holder of the school record.

Also taking first in their events were sophomore Kurt Teigan and Mike Nelson in the 50-yard freestyle, and 400-yard freestyle respectively, junior Rolly Johnson in the 100-yard backstroke and freshman diver Paul Rathbun.

The Highlanders traveled to Fallbrook for the Vista Relays March 22.

The Helix golf team romped to their first league victory of the season, defeating Mt. Miguel 13-2.

The Scots were led by the "big three" of medalist Greg Olson (40), Steve Randel (41) and Mike Getz (44), and new comer Jay Engstrom (45).

Odd Names Listed In NAAU Fights

Paths of a morilla and a bear cross in the National Amateur Athletic Union boxing tournament at the Sports Arena April 17, 18 and 19.

No, the San Diego Zor hasn't entered such animals in hopes of discovering which is the mightiest. "The Gorilla" is Charlie Elder, heavyweight from Mine Forces, Pacific Fleet, at Long Beach. Charlie got this nickname from the Marine fighters he has encountered.

The "bear" will be "Sugar Bear," whose real name is Jim Williams, heavyweight king of the Marines from Camp Lejeune, N.C.

Elder probably will have his own private cheering section for the tournament next month. San Diego fans have adopted him as a result of his victories in the 11th Navy District, All-West Coast and All-Navy tournaments this month.

Tickets for the tournament can be purchased at the Sports Arena or at any of the 37 Metro ticket agencies in the city and county. Choice seats are going fast, tournament officials reveal so get yours soon.

Medicine Kills Kids Says Askew

Do San Diego County children die through oversight?

The San Diego County Department of Public Health reported that in the past, some have.

Dr. J. B. Askew, director of public health, made the statement as part of the health department's observance of National Poison Prevention Week, the third week of March. He gave these examples of "death through oversight":

In Spring Valley, in 1963, a 2-year-old girl died after finding and swallowing some pills for morning sickness.

A 3-year-old San Diego County girl died after eating anti-depressant pills she and her baby sister found in a nurse in a bedroom of their home. A 1-year-old boy died after eating similar pills he found in his home. Four other boys under 4 years of age died from eating malaria pills; from drinking alcoholic mixed drinks; from drinking drain cleaner; and from drinking arsenic weed killer.

"The fatal combination in each of these deaths was child curiosity and adult carelessness," Dr. Askew said. He added that "the curiosity of children cannot be changed. They will always explore and taste the things they find."

"To prevent accidents and possible deaths through oversight," Dr. Askew said, "a good starting point is to check your home thoroughly. How many medicines, household chemicals and pesticides are stored within a child's reach? How many of these would you want your child to swallow? If these products are not locked up and remain in reach of your child, he is apt to find and sample them."

Dr. Askew also advised parents not to refer to pills as candy when giving a child medicine. "This is the kind of tactic that can lead to a lethal accidental overdose of medicine," Dr. Askew said.

Scout Fair Ticket Sale Starts Friday

If you ask a Boy Scout to do a good deed for you during Easter Week, he will probably offer to sell you a ticket to the 1969 Scout Fair, scheduled for May 10 at the Del Mar Fair grounds.

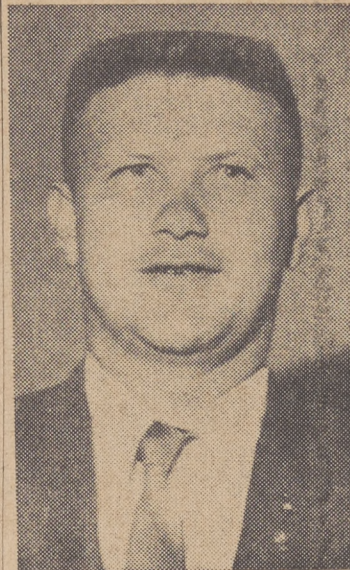

Scout Fair tickets will be distributed to troop leaders throughout the county at ten district rallies tomorrow and Scouts will begin selling on Saturday.

Tickets for the one-day fair are \$1. Children under 15 years of age, accompanied by an adult, are admitted without charge.

Cub, Boy and Explorer Scouts throughout the county hope to sell enough tickets to match last year's record attendance of 55,000.

Purpose of the Fair, according to General Chairman Ed Butler, is to acquaint the public with scouting through displays and demonstrations ranging from apple pie baking to outer space exploration, and to provide one annual fund-raising opportunity for all county scouts.

Food For Thought

By Lee Lyon

A 19th Century English cookbook offered some extra advice to cooks: "If you are disposed to grow fat, keep your eyes open and your mouth shut."

Sprinkle sesame seeds over brown 'n serve rolls before browning. Sesame adds a nutty taste to salad dressings too.

Ghost Food: There is no rabbit in Welsh rabbit, no woodcock in Scotch woodcock and no duck in Bombay duck.

In 1968 Americans drank their way through four billion gallons of soft drinks (that's 320 eight-ounce units per person). Did your teenager do his share?
